

## Sainte Seductre: An Inner View of the Boche at Bay (Classic Reprint)

Excerpt from Sainte Seductre: An Inner View of the Boche at Bay The text of this edition has been freely revised to secure for it a fluency, naturalness, and colloquial reality likely to commend its vital message to the closer attention of American readers. With this same end in view the prefatory pages immediately following were included. They represent an attempt - and one of such length that some editorial explanation seems necessary - to accomplish three things: (a) To prepare a sound basis for the point of view certain to be acquired by the reader of this vivid presentation of conditions within Imperial Germany to-day; (b) to address specifically to public opinion in the United States the warning so subtly sounded by the author throughout his intensely gripping narrative; and (c) to crystallize and amplify the most astounding and the distinctly American elements of that warning. To present an introductory digest, of course, is not the intention, the authors manner of arraignment being infinitely more compelling than any mere prosaic recitation of alarm. To emphasize further this cardinal appeal to America recognized in the text, there has been carefully eliminated all foreign words and exclamatory phrases. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical

works.
