

## Kimmi66 (Minx Books)

Written and illustrated by Aaron Alexovich

Navigate the neon-lit corridors of an online VR lair in this high-velocity, dangerous quest to locate the world's first digital girl, written and illustrated by Aaron Alexovich (Serenity Rose, TV's *Invader Zim* and *Avatar: The Last Airbender*)! Telly Kade is pretty much your typical 23rd century teen. She's got impossible hair, misfit friends, a big sloppy brother...and a pair of VR goggles that lets her live among the vampires - online, at least. She's also got a problem: a suicide note from her best friend, Kimmi66. But if Kimmi is really dead, why is she still all over the net? Is it a ghost, prank, or something much creepier? To find out, Telly will have to dig through every dark corner of the internet and uncover the truth behind the mysterious double life and death of the girl she thought she knew best..
