

Scholars of the dot com era and ICT

As the faculty struggle to accept, appreciate and learn to use ICT as a pedagogical tool, the onus is left on the dot.com student to surpass his mentor in the utilization of new innovations. The best companion for a twenty first century student is ICT. One only has him/herself to blame for the failure to excel in this era. This book therefore is a wake up call for all university students out there to look into the how, why and the level of use of ICT.
