

The Return of BEAU PEEP. (The Adventures of the Legionnaire Beau Peep)

Beau Peep the Legionnaire is the much loved cartoon not-quite-hero of the British Daily Star newspaper, where he has appeared in a cartoon strip since 1978. Stuck in the Foreign Legion to escape his estranged wife, Beau shares a desert fortress with a literal legion of supporting characters. His best friend is Dennis who, even Beau admits, has the brain of a haddock. Together they brave all the challenges that a man can face; the mad Colonel, the worst cook in the world, a reporter with a lack of regard for the facts, the ever-present nomad and their worst possibly enemy... themselves. All the years of relentless harsh Sun and treacherous desert sand have taken their toll on the men. Beau may be the only sane one left, but even that would be stretching the truth! This is the first official collection of strips in fourteen years, featuring a whole years worth of adventure, jokes and unique humor. Having never been seen since the day of publication, Beau Peep will provide mirth for as long as it takes you to flip through it!
