

The First Nine Lives of Isabella LaFelini

14-year-old Isabella LaFelini is a normal kid, or so she thinks until one day she finds herself transformed into a cat! What is behind these transformations? Can she learn to control them? Isn't life as an almost-9th grader hard enough? Isabella is trying to figure out her budding feelings for her best friend, Ty, and when she starts turning into a cat, things become really complicated. Furthermore, when her great-grandmother, Nonna Rose, warns her about avoiding a ninth transformation at all costs, will Isabella listen? Or will she risk becoming a cat permanently to save someone she loves?
