

Kitchen and Bathroom Advanced Planning (KBB Techbooks Book 9)

This is one of our growing numbers of Techbooks. The Techbook series covers a wide range of topics but the KBB Techbook section covers the complete range of Kitchen, Bathroom and Bedroom planning, design, installation and associated Perspective Drawing Disciplines. These books have been created by the most experienced Lecturers in the U.K. with decades of compiling working manuals and teaching live delegate groups. This depth of learning and training is also matched with years of practical experience in planning, designing, selling and installing projects in all fields of Kitchen, Bathrooms and Bedrooms including commercial scale projects. No other group can even begin to match this depth of knowledge and experience.. Virtually all major players in this important industry have used these facilities over the years.
