

Hiking North Carolinas Lookout Towers

North Carolinas fire lookout towers once stood watch over the mountain forests. Today, they risk becoming forgotten monuments to the value of our wild lands. Hiking North Carolinas Lookout Towers restores glory to these historic forest sentinels. It proves the lookouts to be scenic treasures accessible to anyone who enjoys a vigorous walk in the outdoors and the view from the top of a mountain. Included among the 26 towers covered in the book are: Shuckstack Lookout, a steel tower in Great Smoky Mountains National Park overlooking Fontana Dam and Fontana Lake Wayah Bald Lookout, a stone structure built by the CCC that has been converted into an observation tower offering breathtaking views of Nantahala National Forest Mount Mitchell Lookout, a new observation tower that has followed several previous lookouts atop the highest peak in the eastern United States Mount Cammerer Lookout, a historic tower once in disrepair that now represents a landmark effort in lookout restoration Green Knob Lookout, a former live-in tower that offers stunning views of Pisgah National Forest and the Black Mountains. The tower chapters contain detailed hiking routes of varying difficulty, historical information, descriptions of the views, photos, and maps. Information on lookout tower organizations, towers with restricted access, removed towers, and lookouts just outside of the state is also included. Hikers and outdoor enthusiasts alike will find North Carolinas lookout towers to be the perfect hiking destinations.
