

## The Silent Invasion - Book Two: Red Shadows

Matt Sinkage loses his job after he is publicly accused of being a communist. More convinced than ever that aliens are infiltrating society, Matt's paranoia drives him into hiding. Life is apparently idyllic for Matt until he is found at his mountain retreat by his fiancée, Peggy Black. But Peggy is different now - strangely, subtly, sinisterly different. Matt must enter into an uneasy alliance with FBI agent Phil Housley in order to expose the alien threat to Union City and the world.
