

Why the End is Not Near (Answers in An Hour)

The sky is not falling, though popular opinion seems to always suggest otherwise. While it appears as if everyone---from evangelical preachers to radical environmentalists---expects the end of the world to come very soon in a quite dreadful and dramatic fashion, the Scriptures give us a view of the future that is altogether hopeful and optimistic. In this book, a former premillennial dispensationalist explores the origins of these modern doctrines of pessimism, and points the reader to find in the Bible a much happier outlook regarding the success of the gospel and the growth of Christ's Kingdom.

: Why the End is Not Near (Answers in An Hour) Start reading Why the End is Not Near (Answers in An Hour) on your Kindle in under a minute. Don't have a Kindle?
