

The Final Triumph: What Everyone Should Know about Jesus Glorious Return

With the new millennium upon us, current events are causing widespread speculation about the future. This volume presents a comprehensive, balanced, readable look at Jesus Second Coming. Writing with the average lay Christian in mind, the author marshals all the Scripture on Jesus return--433 New Testament verses compelling readers to consider the implications and biblical answers, including watchfulness and preparation. Charts and explanations of the four main schools of interpretation, a narrative of the Second Coming that uses every New Testament reference, thorough appendixes, and a bibliography complement the authors presentation of this vital subject.
