

## Careers in Airlines and Airports (Careers in ... Series)

As budget airlines proliferate and new runways are developed, the range of opportunities for anyone wanting to work in the airline industry is growing rapidly. Covering every type of job available, whether in the air or as part of the ground staff, this broad-ranging book is for anyone wanting to find a job working in the airline and airport industries. Covering everything from cabin crew to air traffic control, the book explains what each job entails, the various interview processes and practical advice on how to get into each particular career. Complete with real-life case studies, useful addresses and Web sites, the book is the ideal starting point for a successful career
