

Inspiradores Latinoamericanos. (Spanish Edition)

Aunque no se definen a si mismos como inspiradores, lo son. Se trata de catorce entrevistados cuyos testimonios, recogidos en sus propios paises, aportan visiones, ideas, creencias, metodos de trabajo, valores y modelos de analisis a partir de sus fuertes liderazgos. Desde una perspectiva latinoamericana son casos de estudio vitales y motivadores que plantean sus formulas casi sin proponerselo. En su mayoria, los padres o abuelos fueron inmigrantes que llegaron con un patrimonio depositado en su voluntad de trabajo y algunas ideas para iniciar sus proyectos. Sin detenerse ante los altibajos economicos y los avatares politicos de nuestro continente, los descendientes de esos iniciadores construyeron sus historias proyectandose como lideres empresariales que mas alla de sus fronteras, gracias a su capacidad, imaginacion y horas de dedicacion, lograron concretar sus objetivos. Resulta significativo destacar el rol que desempeñan los emprendedores y empresarios como un aspecto relevante en el desarrollo economico, vinculado a la generacion de trabajo y riqueza en sus propios entornos.
