

Nudie Toons 2003

54 pages of hilarious cartoons about nudism. These cartoons are from the popular web cartoon series, Nudie Toons. They have appeared on numerous nudist websites weekly since 1998. Magazines and newsletters from several countries have also reprinted cartoons from this series. This series of ebooks will include the full collection of over 600 nudist cartoons. This book includes the cartoons from 2003. As a bonus this book also includes several cartoons by the late George Crenshaw. Although the cartoons depict characters fully nude they are not pornographic. They were designed for the enjoyment of nudists but even non-nudists will find them funny. As long as you dont find the nudity offensive you will laugh your pants off (not literally, of course).
