

Sketch Thinking: Sketch (for design) Thinking

Are your sketching skills holding back your creativity? Do you feel constrained by your drawing skills but don't have time to enroll in an illustration class? Sketching (for design) Thinking is a short, clear and brilliant collection of tips that will help you build your own graphic vocabulary. Combined with exercises and photos from the d.school workshop, this book is the perfect companion to power up your design thinking workshops. This updated second edition includes color and shading techniques to make your sketches pop.
