

Home Plumbing Manual: The Complete Step-by-Step Guide

At some point a homeowner will be confronted by their plumbing: a dripping tap, a flood of biblical proportions, a freezing cold house, a new dream bathroom or the latest gas bill. This Haynes Manual covers it all and is bang up-to-date, dealing with real taps that often don't have washers (but still drip) right through to the latest green technologies and gadgets that could save a fortune. Everything is explained in a clear and light-hearted fashion that will leave the reader confident that they can tackle their own plumbing and not have to cross the living room by canoe afterwards.
