

## Classic Superhero Comics #2: Complete Issues: Marvel Family #29 - Daredevil #23 - Black Cobra #6

During the Golden Age of comics Captain Marvel was one of the top super-heroes of the world. Along with his growing family of heroes Mary Marvel, Captain Marvel, Jr., and others, they at times dominated the comic book landscape. Captain Marvel did his part, the comic legends agree, to help America and her allies win World War Two, while keeping crime at bay domestically. He didnt come from another planet, wasnt bombarded by radiation, nor did he inherit some mystical power from ancients gods or aliens -- he was simply Bart Hill: martial artist, boxer, athlete and expert marksman with a boomerang who donned the costume and became Daredevil -- superhero, crime fighter, and patriot. Not even his own superiors at the FBI know that the diligent young agent, Steve Drake, is the one-man army BLACK COBRA, who will pit brain and brawn in his never-ending scourge of anyone threatening our star-spangled flag! Whether its luck, careful planning, or only coincidence, Black Cobra has a way of keeping a split-second schedule with danger! Now you can re-live (or, enjoy for the first time) the great adventures of generations past with the Calumet History and Hobby line of comic reprints! The comic reprints from Calumet History and Hobby are reproduced from actual classic comics, and sometimes reflect the imperfection of books that are decades old. These books are constantly updated with the best version available - if you are EVER unhappy with the experience or quality of a book, return the book to us to exchange for another title or the upgrade as new files become available.
