

## Cleburne: A Graphic Novel

Some stories have yet to be told. CLEBURNE is the true story of Irish immigrant and Confederate General Patrick Cleburne and his plan to enlist slaves to fight for the South during the American Civil War. According to Cleburne's proposal, all African Americans who served the Confederacy as soldiers would receive their freedom upon enlistment. This was a revolutionary concept for its day and sent Cleburne's life spiraling down a perilous road. Set during the critical year of 1864, and culminating in the bloody Battle of Franklin, CLEBURNE is a tale of unbeatable courage in the face of racism, conspiracy and war. This fully illustrated, full color graphic novel features story and pencils by Justin Murphy, inks by Al Milgrom and colors by J. Brown.
