

Fused Glass Jewellery

The art of fusing glass to create dramatic and statement pieces of jewellery is an ancient art, that's becoming more and more popular. Now you too can create your own with this excellent book, which offers knowledge, insight and inspiration into creating with glass. Fused glass offers many opportunities for inclusion in jewellery, whether its as pendants, rings or earrings, a statement on its own, or part of a larger design, and now its never been more accessible, or fun! With an increase in stockists of the basic materials, as well new tools and materials available, theres so many options to add your own unique stamp. With many artists and shops offering firing services, you dont even need to own a kiln to get started with this versatile medium. Follow step by step projects, from beginner upwards, meet working glass artists, learn just how to get started. Plus theres inspiring projects to give you ideas of unique jewellery to create with your newly found fused glass skills. Fused glass is an exciting medium perfect for creating truly statement jewellery!
