

The Gifted: How to Live the Life of Your Dreams

The Gifted: How to Live the Life of Your Dreams is an inspirational, groundbreaking book from author, motivational speaker and licensed psychotherapist Daphne Michaels. Describing and celebrating the nine gifts we are all born with, Michaels teaches readers how to recognize each gift and use it on their journey of personal development and spiritual growth. Michaels shows us that the first three gifts we must recognize are Awareness, Potential and Stillness. These three allow us to identify and use with real life-changing power the remaining six: Disharmony, Harmony, Ease, Clarity, Freedom and Engagement. By approaching these nine gifts with real-world metaphors, Michaels answers common questions about personal transformation -- such as how it works and what kind of commitment it takes to reach a life of authentic happiness. Even Disharmony, Michaels explains, does not need to rule us. It is ours to use in positive ways as we discover the real purpose of Harmony in our lives. The final gift, Engagement, allows us to use all of the gifts with a joy and power we never imagined possible.
