Discover how to persuade, deceive, and manipulate anyone into doing exactly what you want. From basic tips to advanced techniques, this book has it all! An excellent explanation into the dark arts of mind control! - Alex Lemmings, Book Critique I am writing this book to introduce the idea of mind control to everyone. I want people to understand that it really is possible to use mind control on those around you and it is possible for those around you to use mind control on you. I am writing this because I want those who are using mind control to understand how it really works and for those who are being controlled to understand that they can break free of mind control. There are benefits to using mind control and I will discuss them in this book. If you are interested in using mind control, I feel that it is very important for you to have the best information available. With that in mind, I spent days searching for as much information as I could find to pass on to you the reader about using mind control. Please be forewarned using mind control on anyone is not a game, it is very serious and should be treated as such. Please read through the entire eBook before attempting any form of mind control. You will learn what mind control is, how it works and how to use it in your everyday life. You will also learn how you can benefit from learning how to use mind control as well as how to know if someone is using mind control techniques on you. There are warnings in the final chapter that you must know before trying to perform mind control. Topics of Discussion ? What is Mind Control? ? How Does Mind Control Work? ? What are the
