

The Cosmic Blueprint: Your Life and How To Live It

Wouldnt it be nice if we (all humans) came with directions? If we all had an instruction manual that came in with us when we were born, that we could refer to when we had a problem or when life was in a muddle? Actually we do. It is our Natal Chart or our Cosmic Blueprint. It contains all of the instructions and directions we need to live a full, happy life. (Well, most of the time.) YOUR COSMIC BLUEPRINT begins with your choices before you incarnated or were born into this lifetime. You decided the exact time and place of your birth, which determined your NATAL CHART. You also accepted the alignment of the planets as these were the higher spiritual lessons you would be asked to work on or to complete. The life experiences that you needed to complete would be determined by your Sign and the Houses where those Signs fell.
