The atmosphere and content of a Million Dollar Round Table (MDRT) Annual Meeting can never be adequately conveyed by the written or spoken word. One really has to be there to experience this magnificent event. In this book, Logan attempts to capture the magic of MDRT, with succinct summaries of some of the most profound presentations ever delivered from MDRTs Main Platform. Logan, who is a sought-after international speaker, MDRT Ambassador, Top of the Table member and 34-year Qualifying & Life member of MDRT, is the 2014-2015 Divisional Vice President of MDRTs Member Communications and serves on MDRTs Management Council and MDRT Foundations International Task Force. He has shared ideas and concepts contained in this book with audiences throughout the world, with dramatic results. He highlights the significant benefits of humour and laughter, as well as the critical importance of living a life of balance and purpose. The chapters on Self-Management and Technique of Right Action demonstrate how we can take charge of our lives. Logans presentations on visualization have significantly impacted individuals, sports teams and companies. As human beings, we are endowed with an incredible capacity to dream big and to convert these dreams to reality. In this book, Logan demonstrates how we can rise above self-imposed limitations and imagine our way to success.
