

## A Question of Right: The Story of Life

This book tells the story of how creation as we know it came about from its very beginnings. How all was Perfect. Fred Austin, who was spiritually taken to experience how this moment unfolded, describes this as a moment when all was Right. Fred tells the story of how things proceeded and moved away from the Perfection of the Power we would call God. But, there is a route back to Perfection for each of us... and this has nothing to do with any religion. It is our spiritual pathway that leads us onwards and upwards through the vibrations of eternal life.
