

Avaiyo, Chapter 020: Torn Asunder

Chapter 06 of Avaiyo, Vol. 02 After centuries of slavery under the oppressive rule of the Tamiran Empire, the people of Xiltria were finally able to regain their freedom. Its been nearly eight years since the Era of Slavery, and the tides of peace are beginning to wash away. Subtle remnants of the exiled Tamiran Empire still live on and are starting to give way towards a new threat. One such threat has been brought to the doorstep of Pegil Village. Helpless to defend themselves, they call out for help in hopes that someone will answer. With their pleas heard, Sekken and Iyo push forward into the depths of Daskins Lair. Separated from each other, they must rely on their own skills to face the impending dangers.
