 Game of the Infant (the bottom class in a
 kindergarten & volume one) includes
 well-designed handwork activity and
 intelligent interaction game aimed at
 development law and feature of children at
 different age bracket and puts forward
 creation suggestion of activity site
 environment of the infant, teaching method
 and teaching pattern guidance with
 innovation. Progressive practice is adopted
 as for teaching method. According to
 developmental feature of the infant, set
 handwork game which is from the easier to
 the more advanced and from the easy to the
 complex. Respect individual development
 difference of the child, let the child gain
 success experience time and time again and
 continuously inspire curiosity and thirst for
 knowledge of the child at the same time.
 Promote balanced development of
 observation ability, innovation ability and
 thinking ability of the child. Provide the
 most direct guidance material of education
 and teaching for teacher and leave space
 for them to give play to their creativity.
 Guide teacher and promote his professional
 development. Less imitation and more
 innovation is encouraged.
