

# Run Tippy Run - OutGrow Diabetes - Organic Gardening to Prevent Diabetes: Health Book for Kids, Organic Gardening Childrens Book (Run Tippy Run - Health Book for Kids - Diabetes Prevention 1)

OUTGROW Diabetes - Health Book for Kids, Organic Vegetable Gardening Childrens Book is a book that will provide a step by step visual illustration of the gardening process. It is part of a health book series designed to help kids prevent diabetes by encouraging them to eat more ORGANIC vegetables, be aware of what they eat. The OUTGROW DIABETES books provide an understanding of how organic diabetes prevention vegetable gardening can serve in preventing diabetes, control your blood sugar, even beneficial for non-diabetics. I am proud to recommend this book in hopes that it will provide the healthiest advice for kids and family. Run Tippy Run Kids Health Book In Draw Me Healthy g-One is super fast and hyper-energetic character. g-One has always followed the advice of his elders and eats only green veggies. He grows organic veggies for himself and never eat anything provided from strangers.

Main character g-One explains to Tippy other goslings that break from tradition, eat all kinds of sweet foods they obtain from other creatures in the forest, these goslings are always sick and ill. For the first time, Tippy realize there is the connection between food and health. Tippy gets excited because he can return home with this new information that can help heal all the citizens of PencillVille-his hometown. More Greens, Better Health. By growing more green foods, you can OutGrow (stay ahead) of diabetes. OUTGROW DIABETES Book - What has organic vegetable gardening have to do with diabetes? Everything health related. Organic gardening is proactive illness prevention. How pure the food will directly dictate your kids health for every day of their lives. If your children are experiencing heart problemsscrutinize their food, weight problemsscrutinize their food, cognitive problemsscrutinize their food. A large percentage of all health issues are

commercial supplied food-related. Organic green vegetables are high carb foods that are better for good health. Organic Vegetable Gardening V is for Vegetable Want Healthier Kids, Start Organic Vegetable Gardening Its time to re-introduced life altering self-reliant food concepts back into family life. It is time to encourage our kids to grow their organic garden and eat more healthy chemical free vegetables. Organic Gardening and Kids TYPE 1 DAIABETES PREVENT TYPE 1 DIABETES? Latest research confirms a direct link between cows milk and Type 1 diabetes. This research is not false hope, but may provide genuine hope to PREVENT diabetes in kids! MAYO CLINIC Low vitamin D levels. Research suggests that vitamin D may protect against type 1 diabetes. However, early intake of cows milk a common source of vitamin D has been linked to an increased risk of type 1 diabetes. Follow the link below to read more on the Mayo Clinic website: <http://www.mayoclinic.org/diseases-conditions/type-1-diabetes-in-children/basics/risk-factors/con-20029197> INFORMATION PRESENTED IS NOT MEDICAL ADVICE But, be diligent and seek out and consult with a well experienced, top in their field, cutting edge, qualified, informed, diabetic physician or herbalists who specialize in the latest research and clinical trial data about Type 1 diabetes. Otherwise, you and your family can spend years receiving outdated medical advice, and totally miss the most recent advancements in diabetic science breakthroughs. I was diagnosed with Type 1 several years ago, I was demoralized because I was a lifetime health fanatic! But, I researched, researched and researched. Parents, dont settle for status quo medical advice (most medical professionals are sincere; but there is new research that may provide may hold solutions in PREVENTING/AVOIDING Type 1.
