After a painful divorce, Christy Jacobs decided to escape it all by taking a trip to Maui with some girlfriends. The thought of meeting someone special was the furthest thing from her mind. But destiny had other plans. On their first night out, The Guy approached Christy in a bar and invited her to be his date to his best friends wedding the following day. She reluctantly accepted the date and very soon found herself being swept off her feet by this man-a man whom shed just met but felt like shed known forever. He was truly her soulmate. But when the relationship ran off course, Christy quickly learned that soulmates are meant to teach you, not complete you The relationship continued, off and on, for many years, neither of them able to get over the other. Desperately seeking answers as to why she couldnt shake him, Christy began consulting psychics, healers, astrologers, and her quirky therapist-all leading her on a personal journey of self-improvement, self-love, and eventually, spiritual awakening.
