

Return Of The Originals: Battle For L.A. Hardcover

The characters that inspired all of the heroes you know today are back! Before horn-head, before the crusader with a cape, before the guy who wears a skull on his chest, before the crawler of walls, there were The Originals! In February 1945, an object appeared in the night sky above Los Angeles. Anti-aircraft artillery opened fire, over 1,000 shells were fired at this object, but to no avail, nothing was brought down. What this object was remains a mystery to this day, but Moonstone has unearthed the classified documents that reveal the truth! The Phantom Detective, The Black Bat, Domino Lady, G-8, and Secret Agent X all teamed up to eliminate this threat!
