

## Jewelry Just for You

This collection of projects from the useful and inspiring BeadStyle special issue, Your Perfect Look, features more than 30 projects designed to help readers look their best. Projects are divided into two sections, Face Shape and Neckline. The Face Shape section teaches readers which elements work best with certain facial features, while the Neckline section showcases designs that work well with different garments. The book also features two necklaces that can be adapted to fit various face shapes and necklines. Each project includes beautiful photographs and step-by-step instructions.
