

## Cottage-Style Decorative Painting

Whimsical and lovely painting patterns with lots of fanciful flowers and lace will charm any crafter. All the projects have a light, airy, and feminine style that evokes a time gone by. Patterns and worksheets for all the pieces make the painting simple, and so do instructions on the basic techniques and a plethora of enchanting photos. So get out the brush and transform cabinet doors, wall shelves, worn or plain furniture, lamps, boxes, and even some cut-out wooden shapes. The pretty projects include a Forget-Me-Not Dimensional Frame, Tea Garden Mosaic Table, Blooming Posies Topiary, and even a Scarecrow Garden Lady. A Selection of the Homestyle Book Club.
