

## Needlecraft Practical Journal #53 c.1906 - Drawn Thread Embroidery

15 Pages. This book is the fourth of a series of five books on the subject of Drawn Thread work. Drawn Thread work is an ancient technique of drawing threads from a cloth and using a needle, creating beautiful designs with the remaining threads through embroidery and needle weaving. Inside is instruction to make several beautiful stitch designs with large, detail photos of working the stitches and also beautiful finished projects.
